The #DeepState has created a voting system DESIGNED to invoke FRAUD to achieve ANY ELECTORAL outcome - on command.

This design is at the software level in nearly every voting machine.

This reality is beyond disturbing.

In science, anomalous observations are THE most intriguing leading to big discoveries. On 9/1/20, in MA US Senate Primary, tens of thousands observed a GROSS anomaly. My investigation - grounded in 40+ years of training in math & software engineering leads

to an unequivocal & unfortunate result - Systemic #ElectionFraud embedded in voting systems invokable at will to manipulate ANY election.

Until this is addressed, everything we aspire & cherish as Americans is an absolute illusion & the American working people ARE indeed slaves.
What would you say if I told you that your ONE vote was not ONE vote?

That your 1 vote could be multiplied by a weight - a factor - say 0.5 or 1.5 - to become a 1/2 vote or 1 1/2 votes?

Impossible?

All modern voting systems allow for such a feature.

Why?

When YOU see the REALITY of how ANY election can be manipulated in seconds, YOU’ll realize how THEY can make ANY doofus a “winner.” This is what happened on SEPT 1, US SENATE MA Primary. I’ve been programming all my life - video explanation coming!

What is “evidence”?

An accurate definition of EVIDENCE is: Unambiguous Prediction.

The stuff coming out of American voting machines predicting an outcome - unless inputs are verifiable & processing CAN't be manipulated - is NOT EVIDENCE.

PERIOD.

The real awakening cometh.

They bank on your apathy.

BUT, the movement for #TruthFreedomHealth has inspired you to act. THAT is THEIR biggest fear.

Why did Verizon rep at store say, “both your iPhones hacked,” “never seen this error before,” & then said, “I can’t help you.”

Coincidence - both iPhones Verizon cellular service stopped working, among other things, after I began speaking up about #ElectionFraud?

People of MA are putting handmade signs like these across the state. They’re pissed at the blatant #ElectionFraud that took place to deny #Shiva4Senate’s landslide victory over a designated loser - a doofus - who never campaigned, had ZERO volunteers, no organization, no support!
On Sept. 1, #DeepState of MA SWAMP unleashed blatant #ElectionFraud to steal a landslide victory from #Shiva4Senate.

THEIR ACTIONS now force our movement for #TruthFreedomHealth to escalate to a WRITE IN campaign to expose THEIR long history of thievery.

Dr. SHIVA LIVE INTERVIEW: Third-World Massachusetts Destroys Over 1 Million Ballots

BREAKING:
Massachusetts Destroys Over 1 MILLION Ballots in US SENATE PRIMARY RACE committing #ElectionFraud. MA Elections Attorney confirms to #Shiva4Senate ballot images - used for counting votes - that MUST be saved by FEDERAL LAW for 22 months are nowhere to be found!

“(A)ppropriate state or local authority MUST PRESERVE ALL RECORDS to detection & prosecution of election crimes for 22-month federal retention period, if records were generated in connection w election that was held in whole or in part to select federal candidates.”

-USC Title 42
Dear @TheJusticeDept
Massachusetts SWAMP is violating Federal Law. They have a long history of DESTROYING BALLOTS - the ballot images used for counting votes from electronic machines. Those ballot images are to be saved for 22 months by Federal Law.

Lock up #CharlieBaker.

RINO Governor Charlie Baker of Massachusetts is unsuccessfully trying to defend Mail In Ballots, when there is fraud being found all over the place. Just look at some of the recent races, or the Trump Ballots in Pennsylvania that were thrown into the garbage. Wrong Charlie!

Just received a call from the @AP concerning #ElectionFraud in the Massachusetts U.S. Senate Primary Elections. I asked her to put her questions in writing. Here are my answers. I share this for full transparency.

Question/Answer 1

On Sep 25, 2020, at 5:15 PM, Joffe-Block, Jude <JJoffe-Block@ap.org> wrote:

What is your basis for saying the state has destroyed more than one million ballots? (Election officials say these ballots are preserved under seal).

Let’s be clear when electronic equipment is used, the tally - count of vote - is performed on Athens ballot image. Pursuant to chain of custody, the ballot image IS the ballot, and destroying these ballots is illegal by Federal Law.

Let me REMIND you of your role as Attorney General of MA [from YOUR website):

In our recent interaction, you showed ZERO concern for the DESTRUCTION of Ballots - e.g. #ElectionFraud -
